COMMENTS

I appreciate everything my child's teachers (Mr. Jamaal and Ms. Newman) do for him. They go beyond their scope of duties as his teachers and our family is very grateful for them.

I overall think that Mr. Jamaal is a wonderful teacher. My child is very eager to learn and she's never bored with the lessons.

The principal needs to communicate more because they are the back bone of the school. Caruta Bradshaw 240-478-3873

Taking too long to provide my child with the speech therapy or testing she requires. Problem been identified since beginning of year and it's almost April!

My child has had a wonderful kindergarten experience. I am grateful to Mr. Jamaal and Ms. Newman for him having such a great experience.

My son needs special education but my son teacher want to keep him back and Mr. Jamaal can you please call me about that thanks.

I strongly suggest outdoor activity, such as more play space for the childrens etc.. Tutoring should be all school year.

Teacher is great! School is okay.

Mrs. Sutherland has prepared my child for the second grade. I am very pleased with my child's academic growth this school yr.

It's been a pleasure working with Ms. Maitland. She has helped get through a lot.

For all those questions that PIP not receive a 5 it is because I have not interacted with these teachers.

I feel like if you are suppose to be the principal of this school your boss should not take care of something that the principal should.

COMMENTS

I never met the principal nor Pedro's Spanish, Phy Ed, music and Art teacher

Before Tanajuh came to HRA she was well behind. Now she's doing so good. I really like to thank Ms. Hicks and Ms. Jeannings and all who help get Tamajuh where she is. I love this school!! Tamisha Lowler

Ms. Hicks is always patient. She is an excellent teacher, very thorough. She always goes the extra mile to help the children totally understand the course work.

I love the way Howard Road Academy teacher's teach. My daughter in only 7 yrs old and she knows more Spanish than I do. Way to go HRA!!

COMMENTS

Spanish one day a week is not enough instructional time for children to learn another language.

In the first of the year I was not satisfied with Ms. Rufli, but she has proved me wrong. I must say I am very satisfied with her.

Your school is not as great as I thought. I like my child teacher. But will she be my child teacher next year (no) so the school is fine when you have great teachers that is willing to improve and making sure her students are safe. I had one problem when my youngest child was being bully she took care of it ASAP and let the students know she's in control so if it wasn't for her (no) I don't think the school is safe.

Keep up the good work Howard Road! My child love coming to school everyday.

Some staff members should be a little more pleasant!!

COMMENTS

There is a severe lack of communication and safety in this teachers classroom and despite many requests for positive change the principal is never available for discussion on the issue nor observation on the teacher, students and practices.

I like the school. It just the location how the kids have to walk under the overpass and the highway but I love Howard Road.

Ms. H keep doing what you are doing teaching.

Should have more dress down days.

My son has had 3 teacher in one school yr. I never was informed about the change until child came home and told me. Grades was all base on each teacher. I'm not happy w/ Howard Road.

They do a fabulous job with what they have, but could do more with more.

I wished the school had a gym or real multi-purpose room for the children to eat and perform and exercise in. Please change who provides the school food my child since she's been attending HRA from k. Please check the quality of who's providing the food. Please better quality food and a gym.

I am very pleased and satisfied with the school and the teachers.

I am very grateful to Ms. Wynn. She informs me of any and all incident concerning my child's school work, behavior and she encourage my child that she can do anything. She's a caring and wonderful teacher!

Special Ed. Teachers need to become permanent. Too many of them come and go, it's not fare to the child or parent.

I would love very much for there to be a private place to put her school things.

Mr. Jenkins is truly an extraordinary teacher. He's consistently challenges the students to do their best and think outside the box. He has excellent communication skills.

HRA has made many improvements. The school still has areas that need more work. Overall, I believe the school is doing a better job than last yr.

Mrs. Lawrence is a excellent teacher mother and very strong individual that has put in great work with Courtney from day 1. Thank U HRA

The school lacks a lot when it comes to communication with the parents. They only push for whats important to them.

I am pleased with my childs teacher for the first time in 4 yrs. The school needs to buckle down on the disciplinary practice for those students that don't know how to behave in class. This makes it hard for others to learn.

I have concerns regarding the academic level for DC students compared to other states. I believe that the students should be exposed to more challenging material equivalent to the other states (MD and VA) Charonde Boone-Reed 202-246-2226

My daughter has been a student at Howard for the last 3 yrs and it has been an outstanding and educational experience for her and myself.

Works well with the students and my son really likes her.

A great teacher

Ms. Powell is a bad teacher, all she do is talk all class. She doesn't teach nothing. All she do is yell, put people out of class. When she doesn't like a students she's going to give them a bad grade. She is unprofessional. She tells her students after 3:15 she don't care and she said if its a problem we can take it to the ally. Now tell me what kind of teacher say that to a student. Please give me a call. The teacher is not to my opinion teaching, the students the skills they should be learning as part of English, Language Arts. The students need to be learning how to write a sentence and parts of grammar, not the cause and effects of smoking cigarettes.

Excellent Teacher!!! :)

Lunch room, activity space and books.

I think Ms. Powell is A Fantastic teacher overall. She is great with children, and knows how to discipline the children
Ms. Powell is a great teacher, and need a raise.

Ms Powell is Beyond intelligent successful Woman and does a excellent job when it comes to teaching her students.
If all could use more planing time when Projects are done.

Ms. Powell has been a positive influence in my daughter's life. She really cares about the students. I'm always pleased with her demeanor and attitude. I always feel as though my child is safe with her. She has her students best interest at heart.

I am very happy with my child teacher

Mr Robarge is full of energy and is fun and teachable at what he does.

Good Teacher

Throughout the school year, Mr. Robarge has shown that he is committed to excellence and to ensuring that his students have a solid understanding of the topics covered. I especially appreciate his "out of the box" creativity in making the lessons applicable to everyday life. His required class/group projects and presentations have also help my child build character and confidence.

Mr. Robarge really put forth a lot of effort to meet his students individual needs. He is very dedicated and passionate about teaching.

Mr. Leseane doesn't not teach the kids anything all he do is give the kids bookwork. Or he gives them videos and ask for notes. My child hasn't learned anything in science since he started.
